Profile

Computer Science student with strong interest in full stack web development. Passionate about building real-world applications using MERN. Self-motivated learner with a solid foundation in data structures and algorithms. Always eager to take on new challenges and build impactful software.

Technical Skills

Languages: C, C++, JavaScript(ES6+)
Framework: Node.js, Express.js, React.js,
Database: MongoDB, MySQL(basic)
Tools & Technologies: Git & GitHub, REST APIs, Postman, VS Code, Figma
Additional Skills: Responsive Web Design, API Integration, Database Management

Education

Tribhuvan University, Prithvi Narayan Campus *2022 − 2026*
Bachelor of Science in Computer Science and Information Technology (BSc. CSIT)
Sagarmatha English School *2020 − 2022*
Class 12th Boards

Relevant Course Work

Programming Fundamentals, Computer Network, Discrete Structure, Operating System, Web Development, DBMS, DSA.

Projects

Music Play − Music Discovery Web App *MERN Stack, ITunes API*
Built a music discovery platform with user authentication, profile management, and music search using the ITunes API. Frontend styled with TailwindCSS.

Personal Portfolio Website *MERN Stack*
Developed and deployed a personal portfolio site as a Full-Stack Developer. The site showcases projects, skills, and includes a contact form which is under changes.

Readme Book − E-Commerce Website *MERN Stack*
Developed a scalable basic e-commerce platform with product management, user authentication, sales tracking, payment integration with Stripe, shopping cart and reviews with multiusers functionalities.

All projects are available on my GitHub.

Experience

Web Development Intern − StellerTech
Worked as a web development intern where I gained hands-on experience in building responsive websites and full-stack applications.
